Editors in Chief:

Demosthenis Panagiotakos, Maria Giannakoulia

The foundation of the "Hellenic Journal of Nutrition and Dietetics" is announced by the Hellenic Dietetics Association, as it's official scientific journal.

Aim of the journal is to provide scientific information on issues regarding Nutrition and Health for Dieticians, Physicians, Epidemiologists and many other scientists studying the science of food, nutrition, and dietetics.

The Journal is published by Beta Medical Arts.

Accepted manuscripts can be submitted with the classifications:

- ▶ Clinical Nutrition
- ▶ Nutrition in the lifecycle
- ▶ Nutritional epidemiology
- ▶ Nutrition and disease prevention
- ▶ Public health nutrition
- ▶ Nutritional anthropology and eating behavior
- ▶ Nutrition and biochemical-genetic markers
- ▶ Methodology in nutrition research

Manuscript languages are **Greek** or **English**.

**HELLENIC DIETETICS
ASSOCIATION:**

The Hellenic Dietetics Association was founded in 1969 in Athens and constitutes the official carrier of university dieticians representation in Greece. It's goal is to exalt the Public Health by providing valuable information towards scientists..
